DESCRIPTION

The Director's Boot Camp is designed to address the toughest Administrative issues for owners and administrators in the Early Care and Education Industry. Frequently, owners and administrators of Early Care and Education Programs, Head Start Programs and School Age Care Programs have little experience, training, or education in the areas of personnel management, licensing compliance, risk management, and documentation. This 10-hour training package is designed to specifically address the most needed administrative topics in the Early Care and Education Industry. All participants will receive a comprehensive program packet with handout materials to support implementation of material presented.
